

New Features for 2011!

New Search Feature

The search feature will make your life much easier. Instead of looking through hundreds of photos in each album, type your last name, or keywords such as team, coaches, and fans, into the search bar to see all of your photos on one page. This saves you time and makes purchasing photos easier!

“Like” and “Tweet”

All photos now can be “Liked” or “Tweeted”. Click the button at the bottom of each photo.

The Michael Pronzato Experience
